August 26, 2023

ABOUT THE EVENT

Event Name

Wyoming Exotic Wheels

Event Background

Wyoming has hosted a series of high end car shows throughout the years. These car shows bring in people from all over the Greater Cincinnati area. In 2022, the Wyoming Car Show was hosted for the first time since COVID and it brought over 1,000 people to the Wyoming community.

Event Purpose

This year, Wyoming Exotic Wheels will be partnering with The Cure Starts Now to raise money for this local charity. This event also brings many people from outside of the Wyoming community to see these vehicles. The exposure that businesses get from this event helps drive economic development in our business district, along with brand awareness and customer procurement for our sponsors.

EVENT HIGHLIGHTS

This year Guaranteed Rate will be sponsoring a band to perform during the event. The live music helps liven the atmosphere. Local restaurants and bars will be open and serve drink and food specials that work well with the event.

Wyoming also has one of the only Universally Accessible playgrounds in the Cincinnati area. Listening to live music, drinking a DORA drink, looking at amazing super and exotic cars, while having the ability for the kids to play makes this event a great experience for the whole family.

DORA District

**Crescent Park Universally
Accessible Playground**
